Impact Hub Vienna

#10yearsIHV

Do you want to connect with the most vibrant community for social innovation in Austria?

Join as a Community Partner!

Impact Hub Vienna is a diverse community of founders, creatives, investors, companies and NGOs who have one thing in common—we believe bold, entrepreneurial ideas can change society for the better.

Founded in 2010, Impact Hub Vienna is a recognized home for innovators and has served as a launchpad for numerous impact initiatives and enterprises throughout Central Europe. We have nearly 600 active members in our community and more than 5,000 people attend our events every year. We have supported around 500 impactful start-ups through our incubation, acceleration and investment programs, and every year our community creates over 200 new jobs.

On a global level, Impact Hub is one of the world's leading networks for social innovation and is present in over 100 cities in more than 50 countries. The United Nations officially acknowledges Impact Hub for "helping to extend the efforts directed to tackle the SDGs via entrepreneurial solutions."

Go beyond business as usual and join a community like no other!

We look forward to working with you!
